

Print this page at 100% to get accurate sizes. DO NOT select "fit to page" when printing. Verify accuracy with ruler.

BRACELET SIZE HELPER

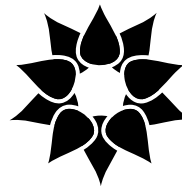

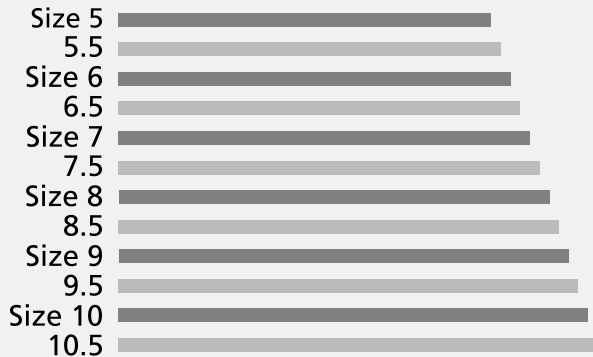

MEASURE AN EXISTING RING

Find an existing ring that fits comfortably. Place over the circles. Make sure the inside of the ring lines up with the outside of the printed circle. If it is between circles, order the larger size.

USE STRING OR PAPER

Find a piece of non-stretchy string or paper. Wrap it snugly around the base of your finger. Using a pen, mark the point where it overlaps and forms a complete circle. Use the lines to the right to determine your size.

WRAP AROUND FINGER

Cut along dotted lines. Wrap around finger at widest point (knuckle), pull pointed end through cut line. Make sure it's very snug. Read size & document. Test at ring location on finger.
